## Lean Six Sigma Training - Delivering Skilled Business Improvers To Your Business

Our **Lean Six Sigma Training Academy** is the premier institution for business professionals that want to build a stronger, more efficient organisation. The Academy is accredited by the International Association of Six Sigma Certifications (IASSC – [www.iassc.org](http://www.iassc.org))

**Green and Black Belt Training** programmes have been developed to meet today's changing business environments by experienced and highly qualified Lean Six Sigma practitioners. Training draws on their expertise and experience of delivering programmes across a broad range of industry sectors, to provide you with the most effective way to learn and implement Lean Six Sigma.

**The IASSC Certified Lean Six Sigma practitioners** are well versed in the Lean Six Sigma

Methodology and can both lead and support improvement projects, Either on a part-time or full-time basis. They understand how to perform and interpret Six Sigma tools and how to use standard principles of Lean)

The programmes are delivered over two weeks and teach the best process improvement, Lean and Six Sigma tools / Methods as well as their best applications. A number of individual and team exercises are used to reinforce the concepts and encourage use of the tools and embed knowledge.

Candidates do not require previous Lean Six Sigma experience, but It is important that they are receptive to new ideas and concepts and are confident in addressing operational issues.

## Lean Six Sigma Training

Typical attendees comprise;

- Directors / CEO / VP / COO / CFO
- Senior / Middle Operational Managers
- H.R. Managers / Partners
- Engineers / Project Managers / Analysts
- Auditors / Quality Professionals
- Engineers / Project Managers / Analysts
