What are the most enjoyable aspects of your job?

I am very lucky to be in a position where I can be selective and accept roles which I will find motivating and challenging. I am currently working as a Workforce Transformation Lead and really enjoy the fact that I have the autonomy and responsibility within a programme that is very well led and sponsored.

What was your first job?

Sales Assistant at Marks & Spencer

What skill would you most like to have?

For those of you who know Myers Briggs, I wish had more F than T i.e. more 'pink and fluffy' and (sometimes) less logical.

What did you want to be when you grew up?

A dressmaker...my parents were professional tailors, so I grew up with a sewing machine

List 5 words that describe your character

Fun, clever, loyal, direct, tenacious

What's the best piece of advice you could give someone?

Be yourself and always have integrity

What are your interests outside of work?

I am a bit of a yoga fanatic...the strength and stamina that is required for a dynamic class is so much better (and less boring!) than a workout in the gym. I became a member of the National Trust last year and when it is not raining, I rather like visiting some of the special places and sites we are so lucky to have here.

What's one thing you couldn't live without?

Electricity

If given a chance, who would you like to be for a day?

Malala Yousafzai

Malala Yousafzai is a Pakistani activist for female education and the youngest Nobel Prize laureate

If you were stuck on an island what three things would you bring?

Wine, my feather pillow and moisturiser!
